

INTRODUCTION TO VIR

Since 1971...

VIR is a leader in the world of ball valves and balancing valves.

VIR Valvoindustria Ing. Rizzio S.p.A. was established in 1971 in the town of Valduggia, in the province of Vercelli in northern Italy. The factory is named after its founder, Ing. Savino Rizzio, who astutely developed it into the international company it is today, a leader in the production of valves suitable for all types of fluids. Today's production capacity exceeds 10 million pieces a year, most of which is exported world-wide.

VIR's principal activity is the production and distribution of ball valves, both manual and actuated, balancing valves, gate valves and butterfly valves in brass, bronze, polypropylene and cast-iron for the distribution of water and gas to be applied in plumbing, conditioning, industrial and irrigation installations.

The Company has a highly qualified team of technicians, dedicated to the development, research and study of new products; since 1992 VIR has held a quality system certification according to UNI EN ISO 9001:2008 standards, and innumerable international specific product certifications.

INTRODUCTION TO EPEST

EPEST Est. is in the business of providing our clients with confidence.

EPEST Est. was formed to provide the Middle East with a Professional Systems Integration Company. We provide a specialist service in Designing, Engineering, Supplying, installing and Commissioning HVAC, Firefighting and plumbing systems.

Vision:

To be a diversified business leader committed to sustain excellent performance in every market we serve, innovative in delivering quality products, services and solutions, committed that all of our stakeholders benefit from continued growth and success.

Why EPEST?

We pride ourselves in offering a total service, utilizing Project Teams to manage each project to ensure on-time delivery in accordance with the Project Specifications. Our interest is to build a long term, ongoing relationship with each of our clients.

In case you require any further details or information, please do not hesitate to contact us.

PROJECT LIST IN KSA
